

## Recent Menu Options

The last 8 menu options accessed are now stored on logging out. When you next log in, the last 8 options accessed will be displayed and can be selected without having to navigate menus.

## Customise Standard Reports

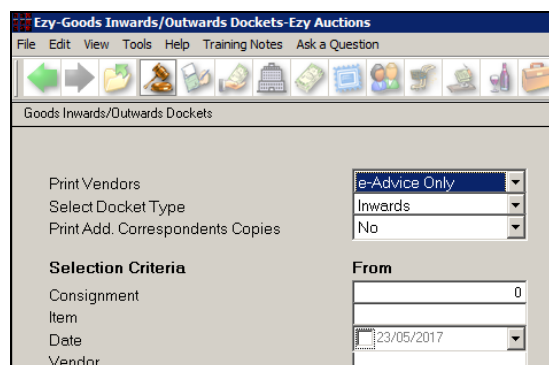

Standard reports can be customised to include different fonts, colours and logos.

Please refer to the Overview training notes for more information.

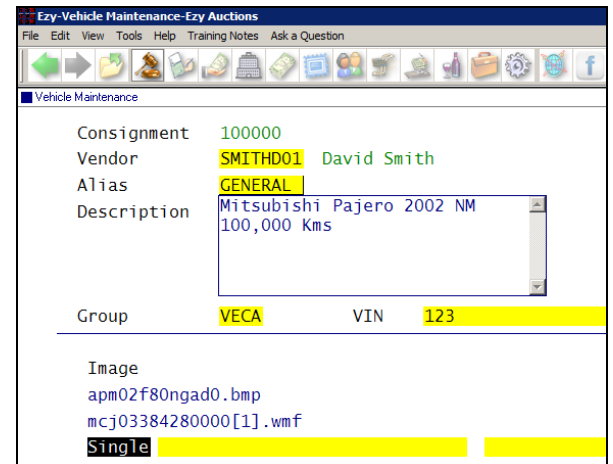

## Bulk Email Inward & Outward Dockets

“Print Vendors” prompt has been added to the selection criteria. When *e-Advice Only* is specified and the email printer is selected, an email will be sent to each Vendor flagged for e-Advice.

## Select Range Of Images

Image prompt has been introduced with scroll list options *Single* and *Range*. On selecting *Range*, specify the range of images to be inserted.

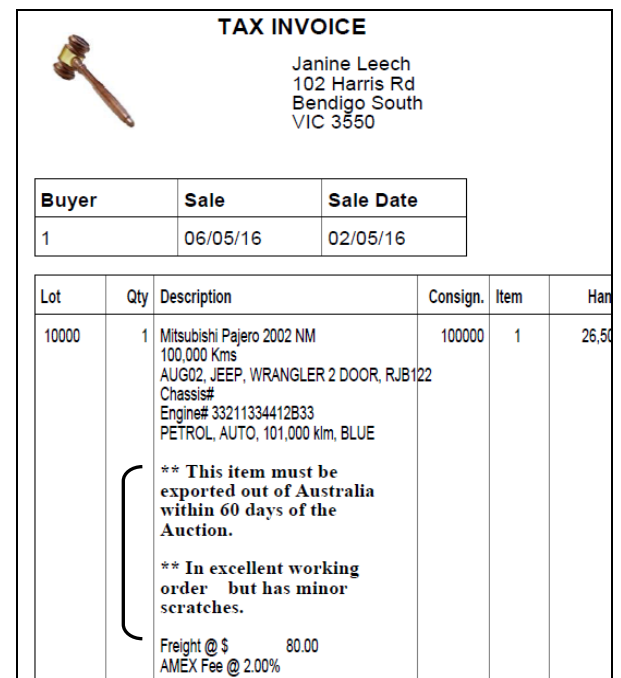

## Buyer Invoice Export Warning

If an item or vehicle has been flagged for export, a warning message can be displayed on the Buyer invoice.

## Buyer Invoice Condition Report

Unlimited item and vehicle condition details can be recorded & shown on Buyer invoice.

## Website Synchronisation

*EzyAuction* can also maintain a SQL database which includes sales, items and vehicle details, which can be automatically uploaded to your website.

## Retain Last 8 Menu Options

On exiting the software, the last 8 menu options accessed will be stored. On logging in again, these options will be displayed at the bottom of the screen.

### Benefit

- Save time.

## System Validation Checks Bulk Email Setup

Users flagged as DIRECT or CDO need to have an email address recorded against them in the User Access, User Email option.

DIRECT is the most common setting if you are sending bulk emails such as payslips, sales invoices, remittance advices, statements, etc.

### Benefit

- Ensure that bulk emailing will work properly in all modules.
